

### ***Intensive Care Coordination***

#### **Service Summary Code Approved Use**

<b>CODE #</b>	82
<b>CODE NAME</b>	Intensive Care Coordin ICC 82

#### **DEFINITION**

Intensive Care Coordination (ICC) is a service that is mandated for members of the Katie A Subclass and available through the EPSDT benefit to all children and youth under the age of 21 who are eligible for the full scope of Medi-Cal services and who meet medical necessity for these services. ICC is linked to teaming/collaboration and provided through the Child and Family Team (CFT). ICC requires active, integrated and collaborative participation by the provider in order to ensure that the complex behavioral health needs of the client are being met. ICC is an intensive service that is used for the identification and coordination of ancillary supports and systems which assists with stabilization. ICC services are offered to clients with significant and complex functional impairment which call for a high level of care coordination.

ICC may be indicated when a youth is:

- At risk of psychiatric hospitalization
- Recently discharged from hospitalization (generally within last 90 days)
- Recently discharged from Emergency Screening Unit/ North County Crisis, Intervention and Response Team (generally within last 90 days)
- At risk of needing crisis stabilization (Emergency Screening Unit or North County Crisis, Intervention and Response Team)
- Placed in, being considered for, or recently discharged from a RCL 10 or above facility
- Receiving intensive services from programs such as: Crisis Action Connection, Therapeutic Behavioral Services (TBS), Wraparound, Comprehensive Assessment and Stabilization Services (CASS), Foster Family Agency Stabilization and Treatment (FFAST)
