

Behavioral Health Education & Training Academy Trauma-Focused Cognitive Behavioral Therapy Clinician Training

This course meets the qualifications for 18 hours of continuing education credit for MFTs, LPCCs, LEPs and/or LCSWs as required by the California Board of Behavioral Sciences, PCE 3776. The Academy is approved by the California Board of Registered Nursing, Provider Number BRN CEP-15014; CCAPP-EI, Provider Number 1S-98-398-0816, and CAADE Provider Number CP10-906-C0317 for 18 contact hours/CEHs. The Academy for Professional Excellence is approved by the American Psychological Association to sponsor continuing education for psychologists. The Academy maintains responsibility for this program and its content.

Description

Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) offers a component-based, short-term treatment model. This treatment model is proven to be effective with children and youth. This evidence-based intervention supports the BHS-CYF SOC principles and is a trauma informed service. This treatment has been identified by BHS-CYF as one of the core treatment models to be used with children and youth seeking services.

Learning Objectives

Upon completion of this training participants will be able to:

- List the core concepts of TF-CBT
- Identify suitable candidates for TF-CBT
- Apply TF-CBT appropriately
- Maintain the TF-CBT treatment model while adapting to a child or youth's needs

Presenters: Felicia Neubauer, MSW, LCSW and Alison Hendricks, LCSW

Audience: BHS-CYF County and contracted clinicians providing clinical services to children, youth and their families.

Location: Academy for Professional Excellence Training Room 205, 6505 Alvarado Road, Suite 107, San Diego, CA 92120
