Safety Organized Practice (SOP) is a collaborative practice approach that emphasizes the importance of teamwork in child welfare. SOP aims to build and strengthen partnerships with the child welfare agency and within a family by involving their informal support networks of friends and family members. A central belief of SOP is that all families have strengths. SOP uses strategies and techniques that align with the belief that a child and his or her family are the central focus, and that the partnership exists in an effort to find solutions that ensure safety, permanency, and well-being for children. Safety Organized Practice is informed by an integration of practices and approaches, including:

- Solution-focused practice

- Structured Decision Making
- Child and family engagement
- Risk and safety assessment research
- Group Supervision and Interactional Supervision
- Appreciative Inquiry
