ICC and IHBS Service Code Expansion Training

All Primary Behavioral Health Treatment Providers (entering claims in Cerner) are required to attend one of the following trainings on the expansion of Intensive Care Coordination (ICC) and Intensive Home-Based Services (IHBS). These codes were previously used only for Katie A Subclass clients. As of 7/1/16, ICC and IHBS will be a part of the service code menu for Medi-Cal beneficiaries under the age of 21 who meet service criteria. This training will clearly define the service codes and how/when to utilize them.
