Course Code: BHE0089

DATE AND TIME:
May 10, 2018
10:00 am to 11:00 am

LOCATION:
Online Webinar — Link provided upon completed registration

COURSE DESCRIPTION:

This one-hour webinar presentation will explore how medication assisted treatment (MAT) can be integrated into various substance use disorder milieus to support successful outcomes. We will briefly overview the definition, history and types of medications used in SUD treatment and discuss the various ways participants can connect to MAT opportunities. We will consider how MAT contributes positively to our existing programs, focusing on both outpatient and residential settings. The hour will close with the presentation of concrete strategies providers can implement to achieve successful integration of MAT in a range of treatment settings.

AUDIENCE: SUD counselors, BHS peer support specialists, therapists, counselors, family & support partners, case managers, and other direct service providers.
