San Diego, CA 92120

Cultural Competency Academy Foundational Series

Overview

The Cultural Competency Academy Foundational Training Series is designed to provide awareness, knowledge and skill-based trainings that focus on clinical and recovery interventions for environmental to direct service applications. Training shall occur for all levels (support staff, managers, and direct service providers). The cultural competency training series is a half-year commitment which includes in-class modules and a practicum project designed to create change within your agencies and practice.

[Click here](#) to see the training outlines for each day with daily descriptions and learning objectives.

The Cultural Competency Academy is a great commitment. Participants are expected to complete a practicum project and present it upon graduation. Please see our [CCA webpage](#) for more information.
