

# YOUTH SUBSTANCE USE: RISK RESILIENCE RECONNECTION

**Join us as we explore trends, tools, and resources to encourage healthy development, build resilience, and enhance youth and family engagement.**

The Children, Youth and Families System of Care (CYF-SOC) Training Academy and Responsive Integrated Health Solutions (RIHS) invite providers, community partners, and caregivers to experience a full day of networking and learning about the latest drug and alcohol trends, the effects of substance use on youth, families, and communities, appropriate prevention strategies, interventions, tools and resources.

## Audience

Therapists, support partners, case managers, educators, social workers, probation officers, caregivers, and other individuals working with children, youth, and families.

**Objectives** Upon completion of this conference, participants will be able to:

- List three recent youth drug trends
- Discuss common risk factors that can increase the likelihood of youth drug use
- Identify common protective factors that can decrease the likelihood of youth drug use
- Explain the impact of substance use on child and youth development
- Describe effective approaches for discussing drug use with youth
- Identify culturally responsive interventions, tools, and community resources to support family engagement
