Learning Objectives

Upon completion of this training, the participant will be able to:

1. Identify the three key roles of an APS supervisor and practice at least one element from these roles.

2. Discuss the six APS Supervisor Competencies and identify areas for individual growth and development.

3. Use case scenarios to discuss the issues that may arise around professional boundaries for supervisors and possible solutions.

Intended Audience

This workshop is intended for new supervisors or experienced staff who may require a refresher.

Pre-Work

A pre-work assignment will be sent one-week prior to the training date. Please allow approximately 15 minutes to complete. This must be completed prior to attending the training.
