Providing Trauma-informed Care (TIC) During a Crisis

Trainer: Elisa Barnett, MS

Course Code: BHE0127

Date/Time
March 30, 2021
9:00 am to 10:00 am

Course Description
Trauma-informed Care (TIC) is recognized as an evidence-based practice in providing behavioral health care. Increasingly, service recipients are in need of support not only for personal challenges, but they are also facing trauma from the experience of community crises. In this one-hour live webinar, participants will discuss how service providers can provide TIC even during times of community crises, including what aspects of service provision can be made more trauma-informed, as well as how service providers can practice self-care.

Click here to see the training outline.

Learning Objectives
Upon completion of this training participants will be able to:

- Describe how to maintain trauma-informed services during a community crisis
- Develop a personalized self-care plan that addresses your own needs during a community crisis
- Develop a rubric to evaluate your current service delivery and identify where trauma informed principles can be implemented
- List three benefits of providing trauma informed services to a community in crisis

Audience
All SUD counselors, case managers, therapists, and other direct service providers working within the behavioral health system of care.
