

Engaging and Supporting the Opioid Misuse Lived Experience Community

In this interactive, virtual training, participants will learn from a seasoned public health advocate who also identifies as a family member of a loved one who has struggled with opioid misuse condition in a treatment system laden with bias, barriers, and stigma. Training participants will discuss the stigma of opioid misuse and the implementation of Harm Reduction strategies. Participants will also explore structural inequities and options in treating opioid misuse.

Learning Objectives

- Apply stigma – free language to your current opioid misuse vocabulary
- Recognize why Harm Reduction strategies are necessary and effective
- Assess structural inequities in opioid misuse treatment models
- Recognize an opioid overdose and the administration of Naloxone
- Discuss a new approach to treating opioid misuse and explore various options

Registration Information

If you already have an account, you may search for the course by name or course code. If you do not have an account in the LMS you will need to open one by [clicking here](#). Email RIHS@sdsu.edu if you have any questions. This training is FREE of charge to BHS County employees and contractors.

Please see Page 3 for Outline.
