

Addressing Health Equity in Marginalized Communities

Live Webinar (COURSE CODE: BHE0139/Live)

This one-hour webinar is designed to help participants gain a deeper understanding of the ways communities, who have been historically targeted for oppression, continue to face systemic inequities and barriers in healthcare that have direct impact on their health outcomes. Through this training, participants will be able to identify effective practices to disrupt these systems and uplift the voices and systems needed to create safe and empowering care for the liberation of the communities most impacted by inequitable systems.

Learning Objectives

Upon completion of this training, participants will be able to:

- Describe the historical inequities of the systems of care affecting communities targeted for oppression, and how these systems still create barriers to quality healthcare today.
- List 3 types of health inequities experienced by underserved & underrepresented communities, and differentiate how these inequities are experienced by different intersectional identities.
- Identify 3 ways to disrupt systemic inequities and barriers in healthcare systems that create undesirable health outcomes for vulnerable communities.
- Outline one way to reimagine alternative systems of care that are rooted in Liberation and uplifting communities who have been historically targeted for oppression.

Registration Information

If you already have an account, you may search for the course by name or course code. If you do not have an account in the LMS you will need to open one by [clicking here](#). Email RIHS@sdsu.edu if you have any questions.

This training is FREE of charge to BHS County employees and contractors.

Please see following page for Course Outline.

Live Webinar

Date: June 30, 2022

Time: 10:00am - 11:00am

This course will be conducted remotely through [Zoom](#). A link will be sent to participants a week before training.

REGISTRATION

[Click here](#) to log into the Learning Management System (LMS) and Register.

Course Code: BHE0139/Live

*No Continuing Education credits (CEs) are being offered for this webinar.
