NAPSA Certificate Program Course Title Alignment

National Adult Protective Services Association (NAPSA) and APS Workforce Innovations (APSWI) in collaboration with the National APS Training Center (NATC) have developed a core curriculum to accompany each of the NAPSA Core Competencies required for NAPSA Certificate completion. Below is a list of each of the APSWI training course(s) and the NATC eLearnings corresponding to the NAPSA Core Competency they align with. To access the courses, visit APSWI Core Competency Tab and NATC LMS.

Each NAPSA competency requires completion of either the APSWI eLearning OR the APSWI instructor-led training (ILT), OR the NATC eLearning. Below you will find which particular eLearnings are available through our Learning Management System (LMS) and which ones are exclusively on the NATC LMS. Please Note that APSWI, NAPSA, and NATC are all separate entities and APSWI is not able to track any NATC courses.
*Note, if utilizing the APSWI courses, Module 16 (Initial Investigations) requires completion of two eLearnings OR the instructor-led training.
