Executive Summary

APS Supervisor Core: Strengths-Based Development/Supervision

Why focus on strengths? The research is clear that the use and development of strengths in the workplace increases work performance, retention, and well-being for staff at all levels. Join us for this interactive, foundational training on strengths-based development and supervision. Identify and explore your strengths and how to apply a strengths-based supervisory approach with your staff. Tips, tools and best practices will be shared for use on the job and in supervision.

Virtual Training:

- The following virtual instructional strategies are used throughout the course: short lectures (lecturettes), interactive activities/exercises including breakout groups, chat box discussions, large group discussions, self-reflection, poll options, and individual practice. PowerPoint slides and role-playing/demonstrations are used to stimulate discussion and skill development.
- Participants will need access to a computer with video conferencing capability and be able to connect to the virtual platform being used to deliver this training. A headset or earbuds with microphone and a video camera are highly encouraged. Participant Manual is a fillable PDF if using Adobe Acrobat. Participants are encouraged to either print a hard copy or ensure access to Adobe Acrobat to allow for highlighting, typing in comments and filling out worksheets.

Course Requirements:

- <u>Pre-Training Assignment</u>: Prior to the training, participants will be sent a Prework Supplemental Manual. They will complete a strengths assessment and the Your Top Strengths Handout (parts as indicated in directions). It will take approximately 60-75 minutes. This <u>must</u> be completed prior to attending the training. This will be included as a major processing activity and needs to be readily available for the training.
- Completion of the entire module is required to receive course completion credit.

Target Audience: This workshop is intended for new supervisors or experienced staff who may require a refresher.

Outcome Objectives for Participants:

By the end of this training participants will be able to:

- Compare and contrast the benefits and limitations of the strengthsbased approach.
- Identify how each of your top strengths/talents (as described in your strengths assessment report) have contributed to your role/career.

Discuss how you might approach supervising staff in an APS case study using the strengths-based approach and your top strengths/talents.

Small Group Work: APS Scenario

Instructions:

- Trying on a particular Strength lens/hat: How might you apply one or more of your strengths (as identified by the assessment) to this scenario?
- 2. How might you apply one or more of strengths-based supervision best practices to this scenario?
- 3. Collaborate on a plan to approach this scenario.

Feel free to use any of the coaching questions, and draw on your own experiences/solutions you've used.

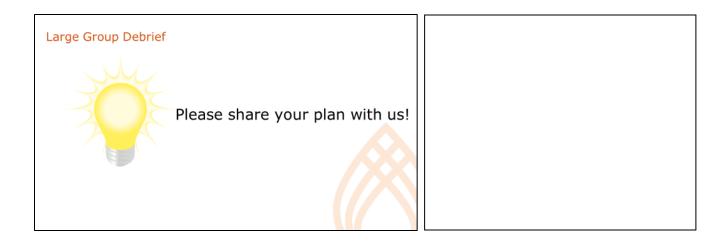

Small Group Work: APS Scenario

An APS caseworker struggled with the fact that there was less control over their schedule/caseload and needed to be extremely flexible, unlike in their previous position with In-Home Supportive Services (IHSS), where one had more control.

As the supervisor, what would you do in this case?
